Sales revenue

Note! You should show up to 10 major fields of activity in the financial year in the breakdown of sales revenue. You can divide the fields of activity based on sales revenue in accordance with the 4th or 5th accuracy class of the Classification of Economic Activities (EMTAK). From 2020, only the amount of sales revenue will be used as the basis for determining the principal activity of companies.

Total sales revenue: 182 EUR

The "Total sales revenue" parameter results from the data entered in the reporting forms.

Breakdown of sales revenue according to the fields of activity.

Here you can view the fields of activity you have added. The percentage of sales revenue and the principal activity are defined automatically.

The updated Estonian Classification of Economic Activities (EMTAK) was implemented from January 2025. **We recommend using [the transition table](#) to find the new EMTAK code.**

Field of activity	EMTAK code	EMTAK version	Sales revenue (EUR)	Sales revenue %	Principal activity	Activity
Other education n.e.c.	85599	EMTAK 2025	182	100.00%	Yes	Change data on field of activity Delete the field of activity
Total:			182	0.00%	not broken down yet	

Adding fields of activity

Note! ! Please break down at least 90% of the total sales revenue between the fields of activity. If you have gained sales revenue from more than one field of activity, you should add them one by one in the section of adding the fields of activity. First select the code of the field of activity, then add the sales revenue and save the data. After that continue adding the next fields of activity until you have accounted for at least 90% of the sales revenue.

EMTAK code:

[Choose](#)

Sales revenue (EUR):

[Save](#)[View previous report](#)

Note! If you need help in finding the right field of activity in the Classification, please send a note to tegevusala.emtak@rik.ee. More information can also be found from [EMTAK search](#).

Reviewing a report:**1. Compiling the title page of the report:**

The title page of the report is pre-filled. The title page data cannot be changed when compiling the report. To change the data on the title page, you must first change the data of the legal person in the business register. The data is added to the title page as of the moment the final report PDF is generated.

2. Management report:

In addition to entering text, the format of the management report also allows you to add graphs and pictures.

NB! From 17.01.2025, the submission of a management report is optional for micro category report. The preparation of a management report is **mandatory for a micro-entrepreneur** only if the company's **net assets** do not meet the requirements set out in the law (Accounting Act §24 (10)).

[Management report](#)**3. Generating and viewing the final report PDF to be submitted:**

[\[Compile annual report in Estonian\]](#) [\[Compile annual report in English\]](#)[1](#) Compiling a report[2](#) Reviewing a report[3](#) Signing a report[4](#) Submission of a report

The option of digital signing or approval of annual report.:

There are three ways of signing the report before submitting: electronic confirmation, digital signing, or submitting a paper-based signed report.

When opting for electronic confirmation or digital signing, the report can be approved/signed by at least one authorized representative directly in the portal. For the electronic confirmation option, the report can be approved by person with representation rights with a single click without a digital signature. This option is not available if an audit or review obligation arises.

If none of the authorized representatives have access to portal authentication in a way that allows the authenticated person to be accurately identified by their personal identification code, the third option—paper-based confirmation—can be chosen. In the case of paper-based confirmation, a scanned copy of the hand-signed report must be uploaded as a PDF file.

Confirmation of activity licenses and notices of economic activity

Since 2015 entities must send confirmations of accuracy about existing activity licences and notices of economic activities while submitting their annual report. (According to General Part of the Economic Activities Code Act1 §30 (6)). Currently it is possible to send confirmations to following registries that have interfaced Company Registration Portal: Register of Economic Activities, National register of activity licences for the provision of health services , licence register of the State Agency of Medicines, register of farm animals.

NB! Your entity **Nutritommaso OÜ** has no activity licences or notices of economic activities in these registries. If you have activity licences in other [registries of activities of special requirements](#), you must send confirmations to these registries directly without using Company Registration Portal.

Please choose whether to submit the report immediately or later: ?
