

PROMPT - NICHE AND OFFER:

STARTING POINT

- I would like to create an information-based business, where I can offer consultancy, online courses and affiliate services. The problem is that it doesn't I know which topic to choose...
 - I'm interested in beauty and youth, what niches do I have advice?
 - I'm a visual artist, what niches do you recommend?
 - I am a sportsman and traveller, which niches do you recommend?
- Tell me 10 sub-niches of the "personal growth" niche
 - Tell me 20 sub-niches of the "time management" niche

PROFITABILITY

- I want you to think like an entrepreneur who wants to sell something new product or new service. I want to know if the following niche could be profitable in Italy: "Planning and management of priorities".
- I want you to think like an entrepreneur who wants to sell something new product or new service. I want you to give me 20 ideas on a product or service that I could sell in the "Planning and priority management".
- I want you to think like an entrepreneur who wants to sell something new product. Give me 20 online course ideas that I could sell in the niche "Planning and managing priorities".
- I want you to think like an entrepreneur who wants to sell something new service. Give me 20 ideas of remotely deliverable services that I could sell in the "Planning and Priority Management" niche.
- I want you to think like an entrepreneur who wants to sell something new product or new service. Give me 20 affiliate product ideas I could promote in the niche "Planning and management of priorities."

ACQUISITION OF SKILLS

- You can recommend the best books to become an expert on the topic "Planning and managing priorities"?
- In your opinion which book should I start with to have a basis of skills that allow me to offer my own product or one of my own consultancy service in this area?
- Act as a mentor who has to make the person understand a topic his student in as thoroughly as possible. What are the fundamental concepts of book " ____ " .
